Profile – 150 words (Company History & Story) : IMPEXCOR is a private company created in 2008; our co-founders have more than thirty years combined experience in coffee business. Our main activity are buying, processing and selling coffee. We have more eighteen coffee washing station, among them two coffee washing stations has won in cup of excellence of 2018, we are also rainforest certified. We are allocated in all coffee zones of the country, i.e.: in Kivu, Akagera, Muhazi and Virunga regions (Crete Congo Nile), of Rwanda where the climate gives rise to excellent coffee. Our Mission is to grow quality coffee under agro-forestry system, with a high level of biodiversity, while ensuring the conservation of natural resources through good agricultural practices. And to build a farmer's group that provides a safe and professional working environment focused on the welfare of the farmers, the people working in the production, and insuring proper processing, all towards the sustainable development of our coffee farmers members and making customer loyalty.
